

# ***“Getting Started”***

**Tuesday February 12, 2019  
6-8 PM in the John M. Jones Auditorium**

Please join us as we take the steps  
in creating a parent leadership team,  
adopt SEPAC by-laws and  
make a game plan for upcoming meetings!

## **Tri-County SEPAC**

### *Who We Are*

The Tri-County SEPAC is a special education parents advisory committee who invites parents, grandparents, foster parents, guardians and anyone who is committed to the best possible services for children with special needs. A SEPAC advises and works with the school district on programs, training needs, and policy. We provide information for parents, students, and educators. We promote understanding, acceptance and inclusion within our school. Our ultimate goal is that we are dedicated to seeing that any student with special needs graduating from Tri-County Regional Vocational High School live up to their fullest potential.
