

Student Services Effectiveness Evaluation Procedure

1. Each year students and staff will complete a student services effectiveness survey
2. The survey will allow for comment and input on each service and activity offered
3. The survey will provide space for students and staff to offer input on services and activities that are currently not offered
4. Data gathered from the surveys will be shared with students, staff, and Advisory Committees
5. Whenever appropriate a team of staff members will review, develop, and update student services and activities based upon the survey and student, staff, & Advisory Committee input
