

## FOUR YEAR PLAN

### TRI-COUNTY RVTHS PORTFOLIO

*This handbook outlines the purpose, table of contents and the components of each section so that each student may develop his or her individual portfolio.*

## **TRI-COUNTY RVTHS PORTFOLIO**

### **PURPOSE:**

Given the complex nature of family configurations and the high ratio of students to teachers, it is extremely important to provide students with as much assistance as possible in setting realistic goals for the future based on their skills and preferences. Often students view high school graduation as an end, rather than as a transitional event. Many students merely do what they “need to do” to finish high school without much thought about the relationship of their high school choices and achievements in their adult life.

By our very nature as a vocational technical school, we do provide career focus for all students, but within the larger structure we need a vehicle that will allow and urge students to:

- Increase their personal investment in their education
- Develop educational and professional goals
- Plan and follow a career pathway through prudent course selection
- Strengthen their non-academic-technical skills for the workplace
- Develop a portfolio to showcase their accomplishments

### **INTRODUCTION TO PORTFOLIO DEVELOPMENT**

Tri-County will encourage students to develop portfolios by continually enriching career planning and career goal skills. The students’ portfolio will be evaluated using the rubrics provided on the following pages.

- Portfolios will be stored in the vocational shop
- Crates will be distributed to all core academic instructors in grades 9-11 in order to place “Best Works” for future placement in the portfolio
- All grade 9, 10 and 11 students will find a folder within the crates labeled by shop

## TABLE OF CONTENTS

Students should include the following *sections in the given order*. However, it is highly recommended that *each student individualize his or her portfolio*. Use of multi-media technology, graphic design, and audio/visual technology may be included and utilized throughout the development of the portfolio.

- I. Title Page
- II. Resume and Career Objectives
- III. Letters of Recommendation
- IV. Educational Documentation
- V. Achievement, Awards and Certifications
- VI. Community Service
- VII. Membership and Affiliations

## SECTION DESCRIPTIONS

*Table of Contents with page numbers*

## TRI-COUNTY RVTHS PORTFOLIO DEVELOPMENT ROLES

### **Role of the Academic Instructors:**

- Keep files of students' work
- At the end of each quarter have time allotted to allow students to preview, sort and choose 2 items that will be placed in the portfolio

### **Role of the Vocational Instructors:**

- Provide time to allow students to assemble chosen papers and integrate into portfolios
- Assist students, if necessary, with the selection process
- Monitor students' progress throughout the year
- Evaluate portfolio development at the end of each term

### **Role of the Students:**

- Must remain vigilant during the course of the year in pursuing documentations
- Realize that co-op interviews will be conducted with completed portfolios
- Take seriously the fact that portfolios are a true representation of the individual and as such time and effort are of utmost importance in development
- Complete requirements of portfolio development as defined by the Portfolio Committee
