A professional/fashionable appearance is very important in the salon/spa industry. Many salons have dress codes and for emulating a salon environment, the Tri-County Regional Vocational Technical School Postsecondary Cosmetology Program institutes the following dress code. Students must wear clothes that are appropriate for the work place and school environment. No distracting or revealing attire may be worn.

The dress code of the program is all black, solid black tops and black bottom. No low-cut, backless tops that expose any part of the midriff area are allowed. Armpits must not be visible. Tri-County Regional Vocational Technical School
Postsecondary Cosmetology Program

The staff reserves the right to request that a particular garment not be worn again or refuse admittance to the salon until the attire is changed. Loss of hours will incur if the student is not in proper uniform.

Attendance

Attending every class is important to your success. Students are expected to attend on all scheduled days of school, as well as, all field trips. Any student who is unable to attend classes on a scheduled school day must call and speak directly to an instructor during normal class hours. Failure to notify an instructor constitutes an unexcused absence (no call/no show). Outside employment and appointments should not interfere with academic hours. Absences due to extended health issues require documentation. **A doctor's note is required after 3 absences and/or 18 hours of class time.** Students will receive monthly attendance reports.

At the discretion of Tri-County a student may be dismissed from the program for excessive absences.

The Massachusetts Board of Registration of Cosmetologists states that cosmetology programs must consist of a specified number of hours for graduates to be eligible to take the state board examinations. (1000 hours for Cosmetology program graduates, 600 hours for Aesthetics program graduates, and 100 hours for Manicuring program graduates).

At the discretion of Tri-County a student may be dismissed from the program for excessive absences.

Absenteeism

Faculty recognizes a postsecondary student's status as an adult who is a student again, but also notes that attendance in all classes, (theory, practical and clinical practice) is required. Failure to attend the required number of classes may result in dismissal from the program, even if grades are passing. Should classes be cancelled due to inclement weather the hours will be made up at the end of the school year.

Accommodations

To request accommodations while attending the cosmetology program, the student with a disability as defined by the Americans with Disabilities Act, must provide the program director with a current written report, completed by a qualified diagnostician, identifying the disability and the need for accommodations.

Upon graduation from the program, the student will be able to request an accommodation form that will request specific accommodations while taking the State exam. Supporting documentation must be submitted in a sealed envelope.

Tri-County Regional Vocational Technical School
Postsecondary Cosmetology Program

Satisfactory Academic Progress (SAP)

Students are expected to maintain their progress in three specific areas: attendance, theory and clinical experience.

In order to maintain Satisfactory Academic Progress students need to maintain the GPA requirement at all times and remain within the 95% attendance threshold. Students that fall below these levels are required to be placed on a plan for remediation.

| Program | Total Clock Hours | Minimum grade for each course |
|-------------|-------------------|-------------------------------|
| Cosmetology | 1000 | 75% |

Incidents or Accidents

1. Incident involving client: The student will immediately notify the clinical practice, supervising faculty member. A form will be filed and the circumstances surrounding the incident reviewed. A copy will be obtained and attached to the school incident report form. These reports will be filed in the student's folder.

Please note: Students should not carry out any interventions. Failure to report an incident involving a client may be grounds for dismissal from the program.

2. Personal injury accident: Any student who has an accident of any type while in the school or on a field trip, should report this immediately to the faculty member present. Emergency care will be made available, but the student will incur any medical costs.

Withdrawal Policy

If students are unsure whether a specific course of action would constitute plagiarism, copyright infringement or cheating, they should consult with the instructor in advance. Plagiarism, copyright infringement and cheating are serious breaches of academic honesty.

While being tested, an instructor has the authority to:

- Verify student badges of identification
- Reassign seats
- Remove student(s) from the test area
- Replace the present test with a new test

Any change in testing times due to suspicions of violation(s) of the Honor Code (Cheating Plagiarism Code) will be completed at the convenience of the instructor. If cheating, copyright infringement or plagiarism is determined, penalties vary with the degree of the offense and may take the form of the following sanctions:

- The student may receive a grade of 0 for the work in question.
- The student may receive a failing grade for the course.
- Dismissal from the program.

Sexual Harassment, Bullying & Hazing Policy

See Appendix for the complete Massachusetts Anti- Hazing Law

It is the policy of the Tri-County Regional Vocational Technical School District to provide a learning and working atmosphere for students, employees and visitors that is free from sexual harassment, bullying, hazing, and intimidation. These terms are referenced herein as “harassment.” Such action may occur due to actual or perceived characteristics, including, but not limited to, race, color, religion, ancestry, national origin, sex, socioeconomic, status, homelessness, academic status, gender identity or expression, physical appearance, or sensory, disability, or by association with a person who has or is perceived to have one or more of these characteristics.

It is a violation of this policy for any administrator, teacher or other employee, or any student to engage in or condone harassment in school or to fail to report or otherwise take reasonable corrective measures when they become aware of an incident of harassment.

This policy is not designed or intended to limit the school’s authority to take disciplinary action or to take remedial action when such harassment occurs out of school but has a connection to school, or is disruptive to an employee’s or student’s work or participation in school related activities.

Tri-County Regional Vocational Technical School
Postsecondary Cosmetology Program

Reports of cyber bullying by electronic or other means, occurring in or out of school will be reviewed and, when a connection to work or school exists, will result in discipline.

It is the responsibility of every employee, and student to recognize acts of harassment and take every action necessary to ensure that the applicable policies and procedures of this school district are implemented.

Any employee or student who believes that he or she has been subjected to harassment has the right to file a complaint and to receive prompt and appropriate handling of the complaint. Further, all reasonable efforts shall be made to maintain the confidentiality and protect the privacy of all parties, but proper enforcement of this policy may require disclosure of any or all information received.

The adult education director/designee shall be responsible for assisting employees and students seeking guidance or support in addressing matters relating to any form of harassment.

Definitions—Sexual Harassment Prohibited

“Sexual harassment” means unwelcome sexual advances, requests for sexual favors, and other inappropriate verbal, written, electronically transmitted, or physical conduct of a sexual nature, including but not limited to unwelcome comments, touching, written notes, pictures/cartoons or other inappropriate conduct, such as leering, whistling, brushing up against the body, commenting on sexual activity or body parts or any other activity that constitutes sexual harassment. Harassment has the effect of creating an intimidating, hostile, or offensive work or learning environment that takes place under any of the following circumstances:

1. When submission to such conduct is made explicitly or implicitly, a term or condition of employment, instruction, or participation in school activities or programs;
2. When submission to or rejection of such conduct by an individual is used by the offender as the basis for making personal or academic decisions affecting the individual subjected to sexual advances; or
3. When such conduct has the effect of unreasonably interfering with the individual’s work, attendance at school or participation in academic or curricular activities.
4. When such conduct has the effect of creating an intimidating, hostile, or offensive work or learning environment.

Definitions—Bullying Prohibited

Tri-County Regional Vocational Technical School
Postsecondary Cosmetology Program

Bullying may take a variety of forms. It is unacceptable in a school or work environment. As a result no student or employee shall be subjected to harassment, intimidation, bullying, or cyber bullying in any public educational institute:

1. “Bullying and cyber bullying” means unwelcome written, electronic, verbal or physical acts or gestures where a student or employee feels coerced, intimidated, harassed or threatened and under the circumstances (1) may cause a reasonable person to suffer physical or emotional harm, (2) may cause damage to another student’s or employee’s property, or (3) may cause a disruptive or hostile school environment. The behavior must interfere with an employee’s ability to perform his or her duties or with a student’s academic performance or ability to learn, or interfere with a student’s ability to participate in or benefit from services, activities, or privileges:
 - a) That are being offered through the school district; or
 - b) During any educational program or activity; or
 - c) While in school, on school equipment or property, in school vehicles, on school buses, at designated school bus stops, at school-sponsored activities, at school-sanctioned events.
2. Through the use of data, telephone or computer software that is accessed through a computer, computer system, or computer network or any public educational institute.
3. As used in this section, “electronic communication” means any communication through an electronic device including a telephone, cellular phone, computer or pager.

Definitions—Hazing Prohibited

The term “hazing” shall mean any conduct or method of initiation, even if consented to, into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person.

1. Such conduct shall include, but is not limited to, whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug or other substance or any other brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any such student or person, or which subjects such student or other person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation.
2. Whoever knows that another person is the victim of hazing and is at the scene of such activity, shall, to the extent that such person can do so without danger or peril to himself or others, report such activity to an appropriate law enforcement official as soon as reasonably practicable. Whoever fails to report such behavior shall be subject to discipline.

See Appendix A for the complete Massachusetts anti-hazing law.

Complaints of Harassment

Tri-County Regional Vocational Technical School

If any Tri-County employee or student believes that they are the victims of harassment, the employee or student has the right to file a complaint with the school district, either orally or in writing. For further information about these guidelines or help with any form of harassment, consult:

Director of Guidance
Tri- County Regional Vocational Technical High School Guidance Office
147 Pond Street, Franklin, MA 02038

or

Tri-County Regional Vocational Technical School
147 Pond Street, Franklin, MA 02038

These individuals are also available to discuss any related concerns and to provide information about our policy on harassment and our complaint process.

Guidelines for Investigating Harassment Claims

In school systems, harassment may take many forms and cross many lines. The situation may be an instance of staff member to staff member, staff member to student, student to staff member, or student to student. Guidelines for dealing with any charge of harassment are as follows:

1. By law, harassment is defined by the victim's perception in combination with objective standards or expectations. What one person may consider acceptable behavior may be viewed as harassment by another person. Therefore, in order to protect the rights of both parties, it is important that the victim make it clear to the harasser that the behavior is objectionable.
2. In all charges of harassment, the victim should describe in writing the specifics of the complaint to ensure that the subsequent investigation is focused on the relevant facts. Oral and anonymous complaints will be reviewed but are inherently difficult to investigate and may not be procedurally fair; as a result no disciplinary action shall be taken on anonymous complaints unless verified by clear and convincing evidence. All other complaints will be reviewed based on a preponderance of evidence standard.
3. Any school employee that has reliable information that would lead a reasonable person to suspect that a person is a target of harassment, bullying, or intimidation shall immediately report it to the adult education director/designee. The adult education director/designee shall document any prohibited incident that is reported and confirmed, and report all incidents of discrimination, harassment, intimidation, bullying or cyber bullying and the resulting consequences, including discipline and referrals, to the superintendent's office as they occur.
4. A good faith report from a staff member renders the staff member immune from discipline for making a report and is considered to have been made in the course of

Tri-County Regional Vocational Technical School
Postsecondary Cosmetology Program

the staff member's employment for purposes of M.G.L. c. 258. As a result, the school district shall indemnify staff members from any cause of action arising out of a good faith report of harassment of the district's subsequent actions or inaction in connection thereto.

5. Instances of harassment (student to student, staff member to student, student to staff member, and staff member to staff member) should be reported to the adult education director/designee.
6. Once a charge of harassment has been made, including charges of mental, emotional or physical harassment as well as threats to a person's safety or position in the school or work environment, the following course of action should be taken. (a) The adult education director/designee should investigate the charge through discussions with the individuals involved. In situations involving allegations against a staff member, he/she should be informed of his/her rights to have a third party present at the time of the discussion. It is important that the situation be resolved as confidentially and as quickly as the circumstances permit. (b) If the harasser and the victim are willing to discuss the matter, the adult education director /designee will hold a resolution meeting. During this discussion, the offending behavior should be described by the victim and administration, a request for a change in behavior should be made, and a promise should be made that the described behavior will stop. If circumstances do not permit a face-to-face meeting, the administration will present the victim's position. Follow-up verification procedures will be explained. Failure to comply after a resolution meeting will result in appropriate discipline.
7. If after a resolution meeting with the involved parties, the adult education director/designee determines that further disciplinary action must be taken, the following could occur: (a) In instances involving student to student or student to staff member harassment, the student may be subject to discipline including but not limited to counseling, suspension, and in appropriate cases expulsion. (b) In instances involving staff member to student and staff member to staff member harassment, findings will be reported to the superintendent for further action. Personnel action may also be initiated at this point, consistent with the applicable law and collective bargaining agreement. (c) In all cases a referral to law enforcement will be considered by the adult education director or superintendent based on circumstances. School officials will coordinate with the police department to identify a police liaison for harassment cases.

Retaliation

Retaliation in any form against any person who has made or filed a complaint relating to harassment is forbidden. If it occurs, it could be considered grounds for dismissal of staff personnel and/or removal from the educational setting for a student. A referral to law enforcement may be made.

Confidentiality

Reports of harassment should be kept completely confidential, consistent with necessary investigation procedures, with the goal of protecting the victim and stopping the behavior.

Tri-County Regional Vocational Technical School
Postsecondary Cosmetology Program

Compliance with the requirements Of Title IX and Chapter 622

Any student may report any action he/she deems harassment to any teacher, counselor, school nurse or any administrator. No employee or student will suffer retaliation or intimidation as a result of using the internal complaint procedure.

Any student who believes that he/she is the victim of sexual harassment or any other form of harassment should make a complaint immediately to the director of guidance, who is the coordinator of Title IX/Ch. 622.

THE REHABILITATION ACT OF 1973—SECTION 504: ITS IMPACT ON STUDENTS WITH DISABILITIES

Subpart E of Section 504 is applicable to all postsecondary educational programs and activities which receive federal financial assistance. In brief, schools offering postsecondary programs must be free from discrimination in their recruitment, admissions, and treatment of students. Reasonable accommodations in the academic program must be made by the educational institution to ensure maximal participation by all students with disabilities. Under the provision of Section 504, a school may not:

1. Limit the number of students with disabilities admitted.
2. Make pre-admission inquiries as to whether or not an applicant is disabled. (An exception is permitted if the institution is trying to overcome the effects of prior limitations on enrollment of disabled students, and an applicant is willing to provide information about his/her disability.)
